General

Type:
Fixed

Type of Optics:
Circular

Note:
Available in Quick Start Kit: #17-532

Physical & Mechanical Properties

Construction:
Black Anodized Aluminum

Max. Thickness of Compatible Optics (mm):
5.0

Threading & Mounting

Size of Compatible Optics (mm):
30.0

Compatible Post:
M6 x 1.0

Regulatory Compliance

RoHS 2015:
Compliant

View

Reach 247:
Compliant

Product Details

- Allows Stacking of 3 or 5 Filters
- Black Anodized Aluminum
- Posts and Post Holders Required for Mounting

Fixed/Multiple Filter Mounts are ideal for use with neutral density filters in stacking applications. Mounting cell holds filter with diameter "F" in place with a retainer ring. Mounting cell sits securely in filter holder. Fixed/Multiple Filter Mounts can also hold unmounted filters with diameter "A". A filter holder and filter cell are required for a complete stacking system, such as the one illustrated in the product image. These mounts are constructed of black anodized aluminum and are optimal for mounting 3 or 5 circular optics.

Posts and Post Holders are required for mounting to a breadboard.
