Product Details

See technical information tab for more information on color and transmission.

- 25% (Gray) or 22% (Brown) Transmission
- Over 99% Polarizing Efficiency
- Peel-Off Protective Layer for Easy Handling

This commercial quality Visible Linear Polarizing Film is available in medium gray and medium brown colors. The medium gray polarizing film offers 25% transmission, while the medium brown provides 22% transmission. Visible Linear Polarizing Film is coated with a peel-off protective layer for safe, easy handling and system integration. Multiple sizes are available to match a variety of application needs.
