Product Details

- Safely Cleans a Variety of Plastics
- Applies as a Liquid and Easily Peels Away Debris
- Kits Contains Everything Needed for Application and Removal
- First Contact™ [Black](#), [Gold](#), [Water Resistant](#), and [Red](#) Available

Plastics Formula First Contact™ Cleaning Solution provides everything required to safely clean a range of plastics that can be damaged by traditional cleaning solutions. Designed to be compatible with Zeonex, acrylics, polystyrene, and some polycarbonates, Plastics Formula First Contact™ cleaning solution immediately conforms to any contour and dries to a film that can be easily peeled away to remove contaminants and grease with no residue or damage to coatings. This film can also be left in place to protect optical surfaces during shipping or storage. Plastics Formula First Contact™ Cleaning Solution Kit contains enough polymer to cover 280 square inches (approx. 1800 cm²) of surface area.

Note: It is recommended to always test on a test substrate or small area before application to ensure compatibility.

The Plastics Formula First Contact All-Inclusive kit includes:

- 1 x 15ml Plastics Formula First Contact Polymer Applicator Bottle
- 2 x 29ml Plastics Formula First Contact Polymer Refill Bottles
- 1 x 29ml Plastics Formula First Contact Thinner (for brush cleaning)
- 1 x Fan Brush 1 x FCNet Chemically Inert Mesh (5 - 3" x 3" sheets)
- 1 x 12m Unwaxed Dental Floss
- 1 x Pipette Kit (5 pipettes)
- 25 Peel Tabs
