## Product Details

- C and S-Mount Thread for Easy Integration
- Low Profile Designs for Minimal System Intrusion
- Accepts Common Laser Diodes or Photodiodes

TECHSPEC® C and S-Mount Diode Mounts are designed for easy integration of diodes into C and S-Mount compatible systems. Diodes can be oriented in either direction within the mounts to maximize access to leads or connections. TECHSPEC C and S-Mount Diode Mounts feature low profile designs to minimize system length and to decrease the distance between the diode and additional system components. Compatible diode cases include TO-18/TO-46, TO-5, TO-8, BNC connectors, and 5.6mm or 9mm diameter cans.
