Product Details

- Large Inner Diameters for Easy Mounting
- 6400K Color Temperature
- Features Sectional Light Control

LED Ring Light Illuminators are strong alternatives to traditional fluorescent ring lights. The sectional ring light features lighting control in each of the unit's four quadrants, a 60.5mm inner diameter, and 72 LEDs. The sectional ring light is controlled using a panel on the top of the unit. LED Ring Light Illuminators are ideal for use with reflective parts and features a 70mm inner diameter and 60 LED bulbs. Sectional Light Control and Polarizer/Analyzer models are available.

Note: Due to CE restrictions, **#68-771** Polarizer/Analyzer LED Ring Light is not available in all regions. Please **contact us** for a suitable replacement.
